February 1, 2025

Hello!

My name is Cali Orman. I am Grayson and Karen's daughter. I am writing to you because my parents gave me your name as someone who may want to assist me on my first ever (apart from my parents) mission trip.

You may have heard, I am studying at the University of Mississippi in Cultural studies, Chinese Language, and Military Science. In addition to my busy academic schedule, I am also involved in the local church and Campus Crusade for Christ (CRU).

I have the unique and exciting opportunity to travel to the Dominican Republic with my Christian friends to help bring the love of Jesus and safe drinking water to an impoverished community. Can you believe it? We will give people life sustaining water and LIVING WATER too. How will we do this? We will use the visual of dirty water to represent sin, the water filter to show how sin can be erased, and the clean water that is good to drink to depict a pure relationship with God by grace through faith in Jesus Christ, alone.

Please prayerfully consider supporting me in my first Mission Journey. I am excited to see what God will do and how we can help change the world though demonstrating His love and pointing people to their one hope, JESUS!

Please pray for me. My schedule is very tight, but I believe God wants me to be in the Dominican to share His love. If you are able, please prayerfully consider supporting me financially to take God's love and clean drinking water to this region. Please use this link to help send me to the Dominican Republic.
